By HENRY McLEMORE

NEW YORK, (UP)—If the "\$100,000 infield" of the Athletics of treasured memory was really worth that sort of money, then a combination of J. P. Morgan, all of Betty Green's heirs, the Aga Khan and King Midas would be needed to swing a purchase of the Yankees' present infield.

Sing all you want to, you old timers, about McInnes, Collins, Barry and Baker; or Chance, Evers, Tinker and Steinfield of the old Cubs; or Boston's Tenney, Low, Long and Collins. But they never saw the day they could patrol the beat between first and third like Dahlgren, Gordon, Crosetti, and Rolfe.

Not for the money, at least, of the 58,000 patrons who watched them in action against the Cincinnati Reds in the opening game of the world series yesterday. Why, bless you, Ali Baba and his forty thieves never robbed the princes of money the way Babe, Flash, Frankie and Red robbed the Cincinnati of base hits in that first game. Gordon at second and Crosetti at short put on an exhibition in pulling three double plays that never has been surpassed. How do I know? Well, I'll tell you. If any second base combination had ever done any better they would be in some museum now, stuffed and mounted, and with a Barker charging you two bits to see 'em.

The second double play the boys pulled, on a roller through the middle, was baseball perfection. With Billy Myers winging toward second, and ready to throw toward first to nail Derringer, Crosetti scooped up the ball behind second and lobbed it underhand to Gordon. With unbelievable speed and skill, Gordon took it, spun around, avoided the oncoming Myers, touched second, and rifled the throw to Dahlgren, who picked it out of the air with one hand. It was a two-way killing at its very best, and, according to Manager Bill McKechnie of the Reds, was the play that won the ball game for the Yankees.

Even if it wasn't quite that important it played a whole of a part, just as did the other two double plays and Gordon's tremendous stop of Wally Berger's slashing wallop in the eighth inning. Gordon went far to his right, took the ball on the dead run, skidded to a standstill and nailed Berger by yards.

Now comes the second game and one is forced to ask one's self how the Reds expect to beat the Yankees. If they can't win with as beautiful pitching as Derringer gave them yesterday, what are they going to use? Power? Well, hardly, because if matters ever get down to a slugfest the Yankees are more than a match for them. And, after yesterday's game, they can't very well count on finesse pulling them through, because the Yankees appear to have too much of that, too.

The Yankees, apparently, are so good that they can beat you by more ways than there are to skin a cat. If you want to play cute, with the outcome dependent upon defense and strategy, they'll nose you out by a run. If you want to take a toe-hold and let fly, they'll dig in and knock two homers off the fence for every one you knock off.

Speaking of predicaments, of which I wasn't, try and think of a better all-around predicament than McKechnie found himself in the last of the ninth inning yesterday. With Keller on third with the winning run, all he had to do was figure how to keep DiMaggio, and then Dickey, from knocking in the winning run. It was like deciding whether to have a black leopard or a hooded cobra for a watch fob. Deacon McKechnie should have settled, as Bill Corum suggested after the game, with a simple "let us pray," but he didn't. He chose to walk DiMagg and gamble on Dickey. He must have known he was gambling with the "house" dice because "Bird Dog Bill" whacked one to center and the ball game was over. The series, too, I'm afraid.

Treasure Island To Close October 29

Those of our readers who have not completed their inspection of the world's fair at Treasure Island, should arrange to do so prior to October 29th, as the directors of the exposition have announced that the fair will be closed on that date.

This is a change from plans for extending the fair until early December, and is made because of the threat of unfavorable weather during November which, it is feared, might seriously curb fair attendance, it was announced.

YANKEES WIN SECOND GAME

Bucky Walters Pounded For Nine Hits As Mates Lose By 4 To 0 Count

YANKEE STADIUM, N. Y., (UP)—The Yankees took the second game of the world series from Cincinnati today, 4 to 0, defeating the National League's leading pitcher, Bucky Walters.

If the Yankees started a march toward their fourth consecutive championship yesterday, they had music for their marching today as Monte Pearson held the National League's hitless for seven solid innings, and limited them to but two hits for the game.

Lombardi gathered the first hit of the day for the Reds in the eighth, a clean single. Werber singled in the ninth.

The Yanks took three in the third on doubles by Dahlgren and Keller and singles by Rolfe, DiMaggio and Dickey. The other score came in the fourth when Dahlgren hit the first home run of the series.

The score:
Cincinnati 0 2 0
New York 4 9 0
Batteries: Walters and Lombardi, Herschberger; Pearson and Dickey.

Water District Levy Unchanged

80-Cent Rate Affirmed By Directors At Recent Meeting

The Board of Directors of El Dorado Irrigation District has established an 80-cent tax rate for the district for the current year.

This is the same levy which was assessed last year.

District officials announced that the first installment of water district taxes will be due on November 1st and will become delinquent on the last Monday in December, which is Christmas Day, so, it is presumed, the date of delinquency is Dec. 26th.

PLACERVILLE P. T. A. OPENS MEETINGS FOR YEAR

Placerville Parent-Teacher Association began its work for the year at a meeting held Thursday afternoon at 3 o'clock at the Grammar School gymnasium.

Half an hour earlier, the executive board of the unit met at the principal's office with President Mildred Lefevre on an outline for the year's work.

The general membership meeting had as its guest speaker B. E. Larsen, principal of the county high school, who discussed "The Ham and Eggs Plan and its Relation to the Schools."

Mothers of the fourth grade pupils of the school were hostesses for the meeting and refreshments were served at the close of the session.

Mrs. L. J. Dornody returned this week from a visit with her sons at Monterey.

100 JAPANESE FOREIGN OFFICE WORKERS RESIGN POSTS

TOKYO, (UP)—More than 100 officials and other employees of the foreign office resigned today in protest against the formation of an independent trade ministry.

The resignations were based on the government's alleged failure, by forming the ministry, to unify the diplomatic administration.

First Shikao Matsushimo, director of the commerce bureau, and six chief officials of the bureau, offered their resignations. They accused Admiral Kichisaburo Nomura, foreign minister, of bad faith in approving the trade ministry plan, announced yesterday, without consulting his subordinates.

Thirty-Nine Warships Join Island Patrol

LOS ANGELES, (UP)—Thirty-nine warships sail for Hawaii today to swell the navy's mid-Pacific security patrol into a formidable and fast-striking force.

Already stationed at the islands are 72 of the huge PBV "flying dreadnaught" bombers, two light cruisers, 14 submarines, and other smaller craft.

Newest Briton

Son of the late President Theodore Roosevelt, Kermit Roosevelt became a British citizen so he might serve as an official in the British ministry of shipping, according to a report from London. American citizens are barred from posts with warring nations.

COUNTY TAXES DUE NOV. 1ST

5,500 Bills Mailed; Whole Or Part Payment May Be Made Immediately

Fifty-five hundred county tax bills were put into the mails this week and County Tax Collector W. F. Truscott announced he is prepared to receive immediate payment if there are taxpayers who desire to pay their taxes before the official due date.

The first installment of taxes becomes due on November 1st and will become delinquent on December 5th.

Mr. Truscott said that the records of his office are cleared up to the point of receiving taxes and if any taxpayer desires to do so, he may make payment at this time.

The tax collector said this applies to the first installment, or to both the first and the second installment.

Mr. Truscott said he had thought some of making an official announcement advancing the date for paying taxes but upon further consideration has refrained from doing so because the public easily forms habits. He explained that while his records are in shape this year to receive taxes at this time, he might not be so favorably situated in another year and might be compelled to refuse to accept tax payments until the date they are officially due.

So, to avoid possible future inconvenience to the public and to himself, he announces informally that "your taxes aren't due yet, but if you want to pay them, we can accept them."

MINING OPERATOR HELD FOR OBSERVATION IN DEATH TRY

Tice Coleman, said recently to have been operating the Stone mine in the Texas Hill district, was held at the county jail for observation Thursday afternoon following what authorities said was an attempt to commit suicide.

During the noon hour Thursday, Coleman drove his car off the right-of-way of U. S. Route 50 west of Placerville, immediately below the bridge across Webber Creek, and down into the bordering ravine.

There he attempted suicide with a knife, inflicting a wound estimated to be three inches long, in the side of his throat. However, the knife failed to cut deep and following emergency attention at Placerville Sanatorium Coleman was removed to the county jail and Sheriff Smith said he was held for an inquiry into his sanity.

The sheriff said that Coleman had expressed himself as being generally despondent and having a feeling of regret that he had been unsuccessful in the attempt to take his life.

At the meeting at which the club voted a renewal of the fingerprinting project carried out in the county a year ago with the further provision that a local file of fingerprints be started.

Merchants Meet Friday On Holiday Plans

A meeting of merchants of the community has been called to be held at 4:30 o'clock Friday afternoon at the chamber of commerce building for the purpose of instituting plans for decoration of the community during the pre-Christmas season.

This is an attempt to get the ball rolling early and the attendance of all merchants at the meeting should help toward a successful conclusion of the project.

OVERTON JOINS EMBARGO FIGHT

Louisiana Senator Breaks With Colleagues To Oppose Neutrality Change

WASHINGTON (UP)—Sen. Gerald P. Nye, R., N. D., a leader of the isolation bloc, told the senate today that the United States needs an arms embargo and a "cash-and-carry" program "if we are to do our utmost to keep out of Europe's war."

Senator Nye spoke following Sen. John H. Overton, D., La., who broke with his southern democratic colleagues to demand that the senate refuse the administration's request for repeal of the arms embargo section on the neutrality act.

Overton, speaking on the third day of the Senate's debate on U. S. neutrality, called for a firm stand in defense of the arms embargo because its repeal would constitute "armed intervention" in Europe's war. Most southern democrats support the administration proposal for repeal of the embargo.

Administrationists claimed that the senate stood 61 for repeal of the arms embargo, 29 against and 5 undecided as Overton spoke. The anti-repeal bloc disputed that.

"Let us not entertain the fond delusion," Overton warned, "that raising the embargo is not a step toward war. Some of the American dollars will be following American arms and the American flag and the American soldier will be following both to the battlefields of Europe."

"Our supplying the European nations now engaged in war with American arms, will be armed intervention on the part of America, because modern arms and mechanized equipment are the main requirements in modern warfare."

President Roosevelt, emphasizing the White House "hands off" attitude in the congressional debate over repeal of the arms embargo, will leave today for a weekend at his Hyde Park, N. Y., home.

Presidential Secretary Stephen T. Early said that senate leaders have informed Mr. Roosevelt there is no reason why he should not leave Washington over the weekend.

Spray Meetings Close Friday

Afternoon Conference At Coloma; Morning Sessions At Gold Hill

Two meetings on Friday will conclude the series of eight conferences on fall spray programs held in various districts of the county during the week.

Friday's meetings will be at Gold Hill, at ten o'clock in the morning at the L. W. Veerkamp ranch; and at Coloma at 2 o'clock in the afternoon at the community hall.

The series of conferences opened on Monday with meetings at Camino and at Missouri Flat, and continued Tuesday with a forenoon meeting at the Davey ranch at Fruit Ridge and an afternoon meeting at the Dr. W. A. Rantz orchard on Coloma Road.

The meetings on Monday and Tuesday morning session held a special interest for fruit growers since Dr. C. E. Scott and Dr. G. F. Macleod, of the University staff, were present. Dr. Scott is a plant pathologist and Dr. Macleod an entomologist.

Wednesday's meetings were at Kelsey Hall in the morning and at the Sperdie ranch at Penobscot in the afternoon.

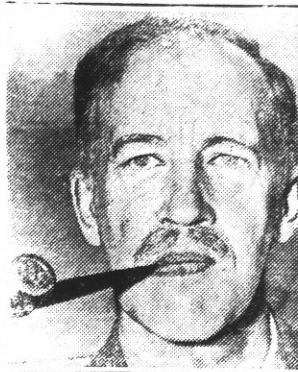

Attendance at the meetings, it is reported, has demonstrated the interest of the growers in improving spray practices and giving close study to problems of orchard sanitation.

Twenty-Thirtians May Renew Fingerprinting

John Tuman, El Dorado County lumberman, addressed the Twenty-Thirty Club at its meeting Wednesday night at the Blue Bell Coffee Shop, on the subject of fingerprinting. Although Mr. Tuman has not qualified as a fingerprint expert, he has been interested in the subject for a number of years and has made some study of it.

President George Duffey presided at the meeting at which the club voted a renewal of the fingerprinting project carried out in the county a year ago with the further provision that a local file of fingerprints be started.

Prof. Charles Wharton Stork, 58, English professor at Bryn Mawr College, shown at New York, survived the *Athenia* disaster, was aboard the United States freighter *Wacosta* when it was stopped and searched by a German submarine skipper. Prof. Stork acted as interpreter. "I'll see you at a tea dance in New York," the U-boat captain promised as he left.

SURPLUS PEAR DEAL PLANNED

FSCC Purchases Supplement Tri-State Market Pact For U. S. No. 1, Utility Grades

SAN FRANCISCO (UP)—The Federal Surplus Commodities Corporation today announced it has been authorized to purchase surplus fall and winter pears and apples for distribution by state welfare agencies.

The FSCC purchases of pears will supplement a federal marketing agreement reached by pear growers in California, Washington and Oregon.

It was explained normally about 45 per cent of the fall and winter pear crops are shipped to foreign markets, and that war conditions in Europe will mean adding about 1,200,000 boxes of pears to the domestic market supply.

The apple purchase program was developed by grower representatives as an aid in improving the market. Commercial production of apples in the United States this season is 25 per cent in excess of last year's, the FSCC said, and seven per cent above the average production for the last ten years.

Purchases will be restricted to grades not less than combination U. S. No. 1 and U. S. utility, or equivalent. In addition the excess production exportation of apples, which normally amounts to 11,000,000 bushels, will be seriously curtailed because of the war, the FSCC said.

Diplomatic Movements Continue To Over-Shadow Military As Belligerents Negotiate With Turkey; Germany Reassures Belgians

By JOE ALEX MORRIS

Turkey and Belgium were Europe's immediate danger spots today as belligerent powers awaited Adolf Hitler's speech on Friday to the Reichstag.

In Brussels, the semi-official agency Telegraphique Belge circulated a report from Berlin that Nazis might consider their pledge to respect Belgian neutrality as void if Belgium proved unable to prevent Allied air fleets from crossing the neutral belt.

Armistice Day Plans Begun

Cougars Play San Juan At Bennett Park; Legion Appoints Committee

Preparations for an appropriate observance of Armistice Day were launched at the meeting of El Dorado Post No. 111, American Legion, Wednesday night, and Thursday morning high school athletic officials announced that the Cougars will play San Juan here on Armistice Day for the second consecutive year.

The game comes here this year because the San Juan playing field is torn up incident to a building project and the Cougars will play Armistice Day of next year and the year following at San Juan in return.

The Legion post met following a 6:30 dinner and adopted a resolution calling upon the merchants of Sacramento to join with the merchants of Placerville in observing Armistice Day as a holiday. The resolution, which will be taken up at a district meeting of the Legion at Grass Valley later this month, points out that it is unfair to the Placerville merchants for the Sacramento stores to remain open on Armistice Day.

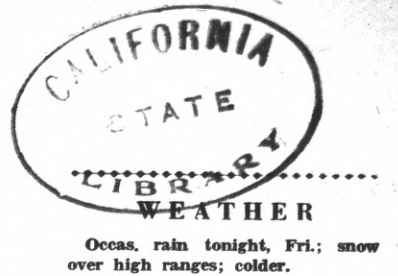

The post named Mance H. Vaught as chairman for the Armistice Day observance and he will be assisted by Don M. Hoffman in charge of the parade; Frank Irwin in charge of the exercises; and Thomas Maul, to obtain the speaker.

The exercises, through the courtesy of Russell J. Wilson, will be held on the old Sigwart lot on Main Street, opposite the bell tower, it was announced.

PINO GRANDE

On Monday of last week little Miles McCarroll had the misfortune to accidentally cut off part of his thumb on his left hand when he got it caught in a part on the automatic water pump at his home near Placerville. His father, Robert McCarroll, was called immediately from this place and after joining his son at Placerville the two were flown to Sacramento by Dr. Babcock where Miles was treated at a hospital. Bob did not return to work until Friday as he, too, was under a doctor's care.

Clifford Larson was in Pino on Tuesday wiring the "log slip."

company representatives from Placerville, were both in camp Wednesday on business.

Omer Strand returned to Pino on Sunday. He had been absent from our community for some time on the sad mission of taking his wife's body to her old home at Palisade, Minn., for burial.

Mr. and Mrs. Swift Berry were visiting in Pino on Friday morning. That afternoon they went to Camp Fourteen on business.

Pino Grande experienced the hardest thunderstorm last Sunday that many of the old-timers in the camp can remember. The lightning struck a tree in the vicinity of the old swimming hole and another about thirty feet from the lookout tower on Lookout Mountain. The thunder was so heavy and so hard that some of these old buildings trembled with each hard shock. The air was almost blue, and there was an odor almost like sulphur.

Mrs. Peters has been visiting at the Immer home for the past few

Navigation in crowded harbors would not be possible, says Captain George Scheltens, famed mariner and former captain of the yacht "Southern Cross," without the courtesy code which requires that each ship keep in its own lane and give proper signals. This same code is being urged for motorists by the Shell "Share-The-Road" Club and Captain Scheltens thinks it will greatly improve traffic conditions.

"MOULIN ROUGE" REVUE
ADVANCE TICKET
SALE HEAVY

The current mail order sale for "A Night at the Moulin Rouge," will appear at the Memorial Auditorium, Sacramento, on Thursday night, October 19th, for one performance only, is credited with being the largest in the amusement history of the city. Indications are that theatre-goers who have not had the opportunity of seeing a big revue for several seasons will have gone far in exhausting the ticket supply before the regular advance sale opens at Sherman-Clay Co. next Monday, October 9th.

Reports from other cities where the attraction has played indicate that rare avis in these parts, the predatory ticket scalper, is preceding the show, purchasing tickets by mail with a view to subsequently disposing of his wares at exorbitant prices. To guard against such gentry the management is exercising special scrutiny where requests for more than six tickets in one party are received.

"A Night at the Moulin Rouge" is the first big revue to visit the leading cities of the west and south in several seasons.

Today's Fashion

Brown crepe for fall.

By VERA WINSTON

HIPS ARE definitely part of the fashion picture, according to the collections of several of the famous designers, especially those who specialize in ultra-feminine clothes. Here is a very feminine model, a new autumn frock in brown crepe. The high neck closes in back with a zipper to the waist. Its sleeves are very short. The fitted midriff dips up and down in points. From it two panniers continue around to a peplum back, and are draped to emphasize the hip curve. The skirt is flared with most of fullness at the sides and in back.

PINO GRANDE NOTES

(Continued from Page 2)

Mr. and Mrs. Horace Dixon were visiting at the Immer home for the past few days.

Mr. and Mrs. Horace Dixon were visiting in Camino over the weekend.

Work in the woods was shut down on Monday of this week due to the heavy rain storm. The mill ran only a few hours on Monday morning in order to obtain enough fuel to keep the dry kilns going. The night shift did not operate, either. With two shifts operating here the mill keeps the log pond about sawed out and so when the woods shut down the mill isn't far behind in closing down. The woods, train crew and pond crew worked on Saturday of last week making up time taken out earlier in the week.
